

Advanced Coronary Treatment (ACT) Foundation Training

WHERE: Clarence Fulton Secondary School, Vernon

WHEN: Friday, May 15, 2015 TIME: 11am

This Friday local secondary school teachers will learn how to teach their students CPR and how to use an Automated External Defibrillator (AED). Training will result in students empowered with lifesaving skills each year through the ACT High School CPR & AED Training Program.

More than 500 students will learn lifesaving skills every year in Vernon secondary schools through the Advanced Coronary Treatment (ACT) Foundation a national charitable organization dedicated to establishing free CPR as a mandatory program in every Canadian high school.
